Glasgow.

Dear Sirs,

Australian Commonwealth Steamers Nos. 616 & 617.
Galleys.

With reference to your letter of the 3rd instant regarding the Oil Fuel System of firing galley ranges as fitted on the first ship and complete ready for erection on the second vessel, requesting modifications to the piping, valves, etc., we communicated with the makers who state that the requirements as now set forth by you are entirely new they having followed the same practice with cooking ranges both for Admiralty and Commercial Ships.

Under the conditions stated above, we should be pleased if you would reconsider same with a view to accepting the system as made for these vessels.

Yours faithfully,

FOR WILLIAM BEARDMORE & CO., LIMITED
