Owners: Nippon Suisen Kabushiki Kaisha.

A letter has now been received from Mr.H.Jasper Cox, the Society's Principal Surveyor for the Far East, enclosing a translation of one he has received from the Owners of the above vessels, from which it appears that in view of the fact that they are being converted into fish factories, they do not desire to continue the Society's classification.

The Classing Committee had the cases before them on Friday, the 27th ultimo, when they decided to give instructions for the vessels' characters to be with drawn from the Society's Register Book and Three Dots (...) inserted in lieu thereof, in each case indicating withdrawal of class at Owners' request.
