Freeboard Dept

COPY.

Steel Screw Motor Ships Nos. 552/3 proposed to be built by Messrs. Burmeister & Wain with a view to class 100A1 with freeboard.

Rule Dimensions:- 370' x 53' x 32' to upper deck
23'-6" to second deck.

Scantling Nos:- 11655 and 31265

Proportions:- Length = 11.5 depths to upper deck.

Plans of midship section, profile and decks, in triplicate, submitted by the Builders direct.

Plans of these vessels were approved on the 30th June last, and several amendments were made thereon at the request of Mr. Bondegaard during his visit to this Office, it being arranged then that final plans embodying the various amendments would be submitted.

The plans now submitted embody the amendments referred to.

It is submitted that provided

Compliance

the vessels will be worthy to be classed 100A1 with a freeboard corresponding to that contemplated by the Rules for a complete superstructure ship having a tonnage opening.

Steel note.
