he Owners write that the future employment of this vessel is at nt under consideration, and they hope a final decision will be ed within two or three weeks.
hey state the present intention is for the vessel to be used at dad as a mobile hulk, and in view of this they propose to submit or a further General Examination, and would be quite prepared, d it be considered necessary, to have her class in future restricted rbour services at Trinidad, although it would be necessary for her ke an occasional voyage to Curacao for periodical dry docking.
hey add that new furnaces, combustion chambers and tubes have been ed for the boilers in the U.K., and this material should be ready August next, and it is their intention to have it fitted at o.

Submitted for favourable consideration provided a suitable notation be made in the Register Book regarding the restricted service.
