VESSEL'S NAME Stt. Steam Trawler "Vesta" Report Hull No. 16783

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—*Extract from Sub-Committee's Report*, 24/5/92.)

Nature of Survey First entry

It is submitted that before this case receives the consideration of the Committee the Hull Surveyors should be requested to state whether this Trawler has been supplied with a ~~towline and~~ hawser and warp as required by Table 22, viz., 60 fathoms of 6" and 60 fathoms of 4½". They should at the same time be requested to explain why they have not recommended the vessel to have the figure 1 for equipment in her character.
