The Secretary
Lloyd's Register of Shipping
London.

for

In reply to your favour of yesterday on
the subject of the further survey of the Steamer 'Lizzie & Annie'
I beg to say that, as the Boiler was out of the ship, and the
Machinery disconnected when I saw her at Boston
it would, in my opinion, be advisable when making
a general inspection under steam, to note whether in
replacing the boiler, connecting the pipes & coupling
up the machinery, the work has been done in
accordance with the requirements of the Society's rules
