27th September 1894.

Gentlemen,

With reference to Mr. Innes' report No. 9242 on the machinery of the steamer "LIZZIE & ANNIE", I have to request that he will state whether this vessel's donkey boiler is now on shore, his report not being quite clear on this point, seeing that he states that the safety valves were adjusted to 50 lb.

I am, Gentlemen,

Your obedient Servant,

pro Secretary.

The Surveyors,

HULL.
