

Report to Chief Surveyors

4. 3. 96

Received from Chief Surveyors

VESSEL'S NAME

L.S. Lizzie & Annie Report Hull No. 9911

For the CHIEF SURVEYOR and CHIEF ENGINEER SURVEYOR

(In cases which have to be submitted to the Clashing Committee the endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Clashing Committee may have all the salient points presented in the endorsement. — Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey

Deck

When due

The S.S. No. 1 was held at Hull in September 1894 and the notation assigned, subject to the deck which was worn thin, being renewed within 9 months from that date.

In August last the Hull Surveyors reported that they had examined the deck in question, which was sheathed all over, and satisfactory for present use.

The Owners proposal to renew the deck in 6 months was approved 27/8/95.

In reply to enquiry the Hull Surveyors now state that the material for the deck of this vessel is ordered and will be fitted as soon as possible.

It is submitted that action on this case should be deferred for a month to enable the new deck to be laid.
