Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

8th September, 1932.

Dear Sirs,

I am in receipt of your further letter of the 7th instant respecting the case of the M.V. "LIZZIE & ANNIE", and note that arrangements are being made for a <sup>new</sup> few riveted receiver to be built under survey and placed on board in about 10 days' time.

It is also noted that, in the meantime, the Owners desire to use two solid drawn steel oxygen bottles which have been tested to 1000 lb. per square inch, and I have to say that, in the special circumstances, no objection will be taken to this proposal.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

HULL.
