QUESTION

ANSWER

Date:— 6th November, 1957.

I shall be glad if you will obtain from the Owners and let me know what arrangements they propose making to carry out the Modified Engine Survey which became due at the end of July.

I shall also be glad to learn their intentions with regard to this vessel being examined in drydock, as it would appear from the records in this Office that she has not been seen in drydock by the Society's Surveyors since July, 1956.

The modified engine survey has now been held and our report will be forwarded shortly.

With regard to the Docking Survey this was carried out in September, and our Rpt. No. 63409 recommended Docking Survey date of 9,57, which was confirmed in Classing letter dated 27th of that month.
