

Chief Engineer Surveyor.....

Received from Chief Engineer Surveyor.....

26 NOV 1959
4E

NAME..... LIZZIE AND ANNIE..... REPORT..... Hul..... No. 65421

Docking. Screwshaft examined.

Shaft found slightly corroded in way of oil gland and while considered efficient meantime the Surveyor recommends it be specially examined by the end September 1960.

General examination now carried out according to the Secretary's letter dated 29.10.59 and to Circular No.1959 for proposal to postpone special survey until September 1960.

IT IS SUBMITTED that this vessel is eligible to remain as CLASSED, with fresh record TS OG 10.59 subject to the screwshaft in way of the oil gland being specially examined by the end September 1960.

TS record to be withheld meantime.

The proposal to postpone ~~general examination~~ ^{SPECIAL SURVEY IS} submitted for the approval of the Committee.
