Dear Sirs,

We thank you for your letter of the 13th instant with regard to the Special Survey of this vessel which was postponed last year until September, 1960.

At present the work on which this vessel is engaged within the confines of Whitby Harbour has reached a critical stage and as the contract has to be completed by the end of December, it would be quite impossible to release the vessel until early in the new year. In view of these circumstances we would request you to consider the granting of a further postponement until the work at Whitby can be completed.

The vessel is used solely for ferrying plant and materials across the harbour between the Fish Quay and West Pier and the East Pier and during the period the contract has still to run, it will never proceed outside the limits of the two Pier Extensions.

Yours faithfully,

sgd.....
