ear Sirs,

M.V. "Lizzie & Annie"

We acknowledge receipt of your letter of the 4th August, regarding the classification of the above named vessel, the reply to which has been delayed due to persons concerned being on holiday.

We very much appreciate the Committee's concern at our inability to have the Special Survey completed, but we ourselves are most anxious to complete this contract which is already eight months overdue, due to extremely adverse sea conditions over the past eighteen months. There is very little work to complete, in fact given favourable seas for the divers, it could be done in about two weeks with a further two weeks to get all our plant and gear cleared off the East Pier. We have been waiting such conditions for many weeks now, but when we can get in, the the Lizzie & Annie will be in full operation.

It would be quite impossible for us to set aside a period at the moment for the vessel to be laid up to carry out the examinations and testings you specify, as completion of our

Contract might be seriously jeopardised.

It would appear that the only alternative would be for the notation "Special survey incomplete - class suspended 8.61" to be recorded in the Register Book, if the Committee so desires.

We shall, of course, keep you fully informed as to the position at Whitby from time to time.

Yours faithfully,
