HULL.

Dear Sirs,

M.V. "LIZZIE & ANNIE".

We have your letter of the 25th instant regarding completion of the Special Survey of the above vessel.

Whilst we were hopeful in May that we should complete our contract at Whitby by the end of July, we regret that we have experienced almost continuous swell conditions along the East coast which have prevented our divers from completing the concrete works.

Having regard to the adverse conditions we have had over the last several months, it is difficult to say when we shall finally be able to release the "Lizzie & Annie". At the moment it is vitally necessary for the work. We are hoping optimistically that we can get everything finally cleared up by the end of September, when it would then be available.

Yours faithfully,

For the Yorkshire Hennebique Cont. Co.,
