30th March, 1961

"IE & ANNIE" - Reverting to my letter  
of the 17th February last and previous correspondence you will observe  
the attached copy of the Middlesbrough Classing Letter that a  
General Examination was held while the ship was lying on soft mud  
at Whitby Harbour. You will also observe that the Middlesbrough  
Surveyors considered that a further General Examination should be  
held before the ship leaves Whitby Harbour.
