With reference to your memo of the 29th August, 1946, I shall be glad to learn if you are yet in a position to forward your report on the Annual Load Line Survey of this vessel.

Am.

Date: 27th November, 1946.

As understood that the outstanding repairs have been completed, no opportunity has so far been afforded to verify this and issue the freeboard certificates. We are today informed, however, that the vessel is expected in the port this coming weekend, and the matter will then receive attention. Our report will be forwarded in due course.
