

Alfred

23rd February 1887

My dear Sir

I have been a visitor of the
Museum of Natural History in London
and have seen the exhibits in the
Department of Geology. I have been
impressed by the excellent arrangement
of the exhibits and the excellent
manner in which they are displayed.
I have also seen the new building
and the new exhibits.

10th February 1887
The British Museum of Natural History
and the new building of the
Department of Geology.

I have been a visitor of the
Museum of Natural History in London
and have seen the exhibits in the
Department of Geology. I have been
impressed by the excellent arrangement
of the exhibits and the excellent
