

Sent to Chief Surveyor

8/11/90

Received from Chief Surveyor

VESSEL'S NAME

Baknin

Report

Apl

No.

8284

The remarks of the Chief Surveyor are desired on this case for the consideration of the Classing Committee.

It is submitted that this vessel appears worthy the Committee's favourable consideration to remain as classed and to have the notation "S.S. Apl 14-1-90- 104 A1- 11-90" recorded in the Register Book as recommended.

It is further submitted, in view of the jacket Enamel in the plating of the bottom being found blistered and having been repaired with Portland cement, that an early opportunity should be afforded to re-examine the S. Tanks internally. The owner should be informed accordingly.
