

10th. October, 1891.

Dear Sir,

With reference to the classification in this Society's Register Book of your steamer "BAKUIN," I beg to acquaint you that the Committee have had before them a report of the survey recently held on this vessel, in dry dock at Newcastle, but they deferred action thereon until the patent asphalt, which upon examination, in November last was found to be blistered and was then repaired with Portland cement shall have been further examined by the Society's Surveyors, and I have to request that you will kindly give instructions for an opportunity to be afforded for this examination to be made at an early date.

I am, Dear Sir,

Yours faithfully,

Secretary.

A. Stuart, Esq.,

23, Great St. Helens's,

E.C.
