2nd February, 1892.

Dear Sir,

With reference to the classification in this Society's Register Book of your Steamer "BAKUIN", I beg to acquaint you that it appears from a report received from the Society's Surveyors at Constantinople, where this vessel was examined afloat and by a diver after stranding, that she should be placed in dry dock for complete examination of her bottom at the first opportunity after her arrival home.

I shall therefore be glad to learn for the Committee's information when and at what port you propose to have this done.

I am, Dear Sir,

Yours faithfully,

Secretary.

A. Stuart Esq.
