Carrying Petroleum in bulk.
Burning Liquid Fuel-Experimental.

European Petroleum Co.
London.

s.s.No.2-94 + LMC 8.94
BS 9.96

Boiler survey due September 1897.

Lloyd's Agent at Lima states that this vessel will be at that port in January and the Master wishes to have the boilers surveyed 'on a/c of Lloyd's Register'. He therefore asks to be supplied with a blank Report Form as in the case of the steamer "Relay".
