## 1 Enclosure

15th June, 1898.

Dear Sir,

I beg to acquaint you that the Owners of the steamer "BAKUIN" have forwarded to me copies of the reports dated March last of survey held by you at the request of the late Lloyd's Agent at Callao on the boilers of this vessel, and with regard ~~to the~~ repairs recommended by you to be carried out they now state they are in receipt of a letter from the Master to the effect that the tubes have been renewed.

Under the circumstances, I shall feel obliged if you will kindly furnish me on the form which I enclose herewith with a report of the survey held by you and of the further inspection, which it is concluded you have made of the repairs recommended.

In the event of your not having already seen the repairs perhaps you will kindly arrange with the Owners to make an inspection of them with as little delay as possible, and let me know the result, and I have to add the fees in connection with your survey should be collected from the Owners or their Agent.

I am, Dear Sir,  
Yours faithfully,

James Russell Esq.,  
Chief Engineer,  
Pacific Steam Navigation Co.,  
CALLAO.
