20 Sept. 1899.

The Secretary
Lloyd's, London &c.
Dear Sir,

We last wrote on on 2nd inst. & have since received your favour of 4th ult.

Suggested
"Relay" cable steamer. Your instructions with regard to the special survey N. 2 will be attended to so soon as the vessel comes back from the north. Bakuim Petroleum steamer. Neither Surveyor is satisfied with her present condition & the following recommendations have been made:—

Renewal of several planks on the spar deck.

Some repairs on the main deck.

New stays to chambers.

Small doors renewed or patched.

Patch at bottom of Donkey boiler.

The steamer sailed on 18th inst. for the north, the pressure of main boiler being reduced to 135 lbs & that of the Donkey boiler to 50 lbs.

Survey will be completed on her return.

We are &c

(sd) H. M. B.
