

With regard to the Office fee in this case, which Lloyd's Agents state in their letter to the Secretary of Lloyd's dated 13th January, 1900 will be credited to that Corporation in their half yearly accounts, I called at Lloyd's and was informed that the half yearly account was due to arrive about the end of July next, when they would hand the sum of 10/- to this Society. I was also informed that the Secretary of Lloyd's would write to Lloyd's Agent at Lima and request him in all future cases to forward such fees direct to this Office.
