

S.S. "BAKUIN".

The Secretary of the Company states that there has not yet been time to receive a reply to the communication addressed by him to the Master of the vessel, relative to the completion of the Special Survey No. 3. It appears, however, that there is a possibility of the present time charter being concluded now, and they will ascertain from the charterers, and advise within a week, whether the charter is to be continued or not. If the charter is closed, the vessel will come to the United Kingdom at once. Otherwise, they can see their way to make no better arrangement than to ask Lloyd's Agents at Callao to complete the survey.
