2nd July, 1895.

Dear Sir,

With reference to the classification in this Society's Register Book of your steamer "BAKE STANDARD", I beg to acquaint you that the Committee have had before them this day a report from the Society's Surveyor at Philadelphia of an examination made of this vessel so far as practicable afloat, after having been aground.

Although no damage appears to have been discovered, it is recommended that the steamer be placed in dry dock at the first convenient opportunity for further examination by one of the Society's Officers, and I shall therefore be glad if you will kindly let me know when and at what port this will be done.

I am, Dear Sir,

Yours faithfully,

Secretary.

L. Suart Esq.
