Sir,

I beg to advise you that the S.S. "Baker Standard" is now having some repairs carried out on the Tyne.

It is understood this vessel is on special service at a Northern Naval Base and is required as soon as possible. The Owners' Representative proposes to open out the machinery and cargo tanks for examination and states that it will be impossible to complete the survey at present, but will do as much work as practicable. The S.S. K.P. 2 was due in June 1914 and I shall be glad to know that the Owners' proposal can be approved by the Committee.

I am Sir,

 Your obedient Servant,
 J. Macdonald.

 The Secretary,
 London.
