Secretary,
Lloyd's Register of Shipping,
71, Fenchurch Street,
LONDON, E.C.

Dear Sir,

M.F.A. "BAKU STANDARD"

In reply to your favour of yesterday's date the
above Steamer is on Admiralty Transport Service and has been
since practically the outbreak of hostilities. Her movements
you will therefore appreciate are not under our control.

At the time that we called upon you recently we thought
he would be available for drydocking in the TYNE, but these
arrangements have all been cancelled by the Admiralty Authorities
and the Steamer at present remains on her service.

We would mention that we took up the question of the
completion of her No. 2 Survey with the Admiralty recently when
it was anticipated that the Steamer would be relieved by the
Admiralty for drydocking and at that time they wrote us that
the completion of Lloyd's No. 2 Hull Survey was to be postponed
until a later opportunity unless it could be completed without
delaying the vessel.

Yours faithfully,
For the ASSOCIATED OIL CARRIERS LIMITED.
