Dear Sirs,

Four mast barks "Pamir" and "Passat"  
Electric Installation

Further to our letter of 22nd inst. we herewith enclose 3 copies of the electric installation plan No. OHbg I d.

We may remark that, contrary to the indications on the drawing, the aft masthead light will be fitted at the mizzen mast (aftermost mast). Furthermore an accumulation charging convertor will be erected in the engine room. A special space taken off the rudder room is provided for the battery. This space will have separate ventilation. The charging and standby switchboard will be erected outside of the battery room in the rudder room. For your guidance we enclose 3 prints of our drawing MKE 523, Kindly return one copy of each of the submitted plans approved.

Yours faithfully,

Director, 23

Dear Sirs,

Four motor boats "Pamir" and "Parsat"  
Electric installation

Further to our letter of 22nd inst., we herewith enclose 3 copies of the  
Electric installation plan No. OHG I 6.

We may remark that, contrary to the indications on the drawing, the air  
exhausted light will be fitted at the main mast (aftermost mast).

Furthermore an accumulation charging converter will be erected in the  
engine room. A special space taken off the upper room is provided for  
the battery. This space will have separate ventilation. The charging and  
standby switchboard will be erected outside of the battery room in the  
upper room. For your guidance we enclose 3 prints of our drawing No. 227.

Kindly return one copy of each of the submitted plans.

Yours faithfully,  
HOWARD WEEKS  
AKTIEHESSELHART  
KIEL
