WRECK  
SECTION

No.                     

It is submitted Mr. Walburn, the Principal Surveyor for Germany, be informed that it is understood from reports which have appeared in the British Shipping Press that it is the intention of the German Authorities to hold a Formal Investigation into the circumstances attending the foundering of this vessel in the Atlantic on 21st September last.

Mr. Walburn will be aware that the vessel was classed with the Society and that the Classification Special Survey in 1956 and the Docking Survey in 1957 were carried out by the Hamburg Surveyors.

If the above mentioned reports can be confirmed and if the Society's interests are likely to be involved Mr. Walburn should be asked if he will kindly keep this office advised.
