Dear Mr. Cornish,

LARGE CUNARD LINER.

During our various conversations relating to this Vessel the matter of equivalent girders came up and I now have the pleasure to hand you a copy of a diagram which we have prepared. It relates to the following Vessels:-

S.S. "Milwaukee", "Korea", "Ivernia", "Campania", "Deutschland" & "Oceanic"; the midship sections and particulars of which were procured from various sources. I have also included two of our designs for the 750' x 78' and 760' x 80'-4" Cunard Steamers.

Would you be good enough to give me your opinion as to the diagram and also as to the sections, and possibly you may have corresponding particulars which may be of equal interest to us, as I think you informed me you had data relating to these and similar Vessels, a copy of which we should value very much.

Hoping that you are well, I remain,
Yours faithfully,

H.J. Cornish Esq.,
