Dear Sirs,

S.S.No. 735.

We beg to acknowledge the receipt of your letter of yesterday's date returning the sketch of Midship Section showing the proposed alteration in tank side and frame knees. We have to thank you for your prompt attention to this matter.

We will have the pleasure of laying before your Society in a day or two a Profile and plan showing proposed re-disposition of bulkheads in engine and boiler spaces, also the openings in the decks, when we hope you will be able to deal with the proposed spacing of the web frames, &c.

We are, dear Sir,
