Dear Mr. Cornish,

CUNARD LINER No. 735.

I have the pleasure to acknowledge the receipt of your letter of the 4th inst., and as promised the official letter and proposed modification in tankside and frame knees came to hand this morning. I am much obliged for your kindness in so promptly dealing with this matter.

We are preparing a Profile showing the proposed amended arrangement of bulkheads in engine and boiler spaces which I hope to forward officially in a few days, when you will ~~be able~~ deal with the question of the spacing of the webs.

I am,

Yours faithfully,

*W. Deane*
