Sir

I beg to enclose a letter received from Messrs The British Mannesmann Tube Co., London, having reference to some hollow pillars ordered by Messrs Swan, Hunter & Co. for their order N<sup>o</sup> 735. I wrote the Newcastle Surveyors asking for particulars of tests (if any) to be applied to these pillars, I also enclose their reply. I may say that I have visited the British Mannesmann Co. works, & stamped several crop ends before being cut off the pillars, & I understand there are still more to make. I shall be obliged if you will kindly let me know what tests it will be necessary to apply to this material.

I am, Sir,  
Your obedient servant  
A. C. Evans
