Off in P.M.C.

14th June, 1906.

Sir,

P.M.C.

In confirmation of my telegram of this morning, I am directed to acquaint you that in compliance with a request which has been made on behalf of the Cunard S.S.Co. the Committee have authorized the Society's Surveyors at Cardiff to witness the testing of certain $3\frac{3}{4}$ " chain cable intended for use on board one of the express steamers now under construction for the above-named Company.

It will, of course, be understood that the presence of the Surveyors will in no way detract from your full responsibility as Superintendent of the Proving House for the testing of the cable in question.

I am, Sir,

Your obedient Servant,

pro Secretary.

Mr. G. W. Penn,

Lloyd's Proving House,

CARDIFF.
