 Survey Due X Port forward and aft Screwshafts  
 due for survey 2,34. X  
 Boiler Survey due 11,34.

The Vessel's class is subject to some minor heavy weather damage being permanently repaired when laid up.

In March last the Committee agreed to a proposal to postpone the survey of the port forward and aft screwshafts until the annual lay up of the vessel at the end of this year.

The Southampton Surveyors now write that the vessel is laid up at their port, but that no arrangements have been made for the Boiler Survey to be held.
