Dear Sir,

Having reference to the application made by us for re-instatement in Class of the 4msdt barque "P a s s a t", at present undergoing Survey at Marseilles, we are in receipt of a telegram from our Superintendent stating that your surveyor at that port desires that the bottom plating be scaled as a requirement of this survey.

To fulfill this requirement at the present opportunity would upset our arrangements considering the time required to carry this out and the expenses incurred at that port, we hope that you will allow the scaling of the bottom as desired by the surveyor to be postponed until vessels return to Hamburg from her present intended voyage, where we have Pneumatic scaling companies for this work.

Trusting that our request will receive favorable consideration,

Yours faithfully

Dear Sir,

Having reference to the application made by us for re-instatement in Class of the Anchor badge "P. A. S. A." at present undergoing survey at Marseilles, we are in receipt of a telegram from our Superintendent stating that your surveyor at that port desires that the bottom painting be sealed as a requirement of this survey.

To fulfill this requirement at the present opportunity would upset our arrangements considering the time required to carry this out and the expenses involved at that port, we hope that you will allow the sealing of the bottom as desired by the surveyor to be postponed until vessels return to Hamburg from her present port of voyage, where we have pneumatic sealing companies for this work. Trusting that our request will receive favorable consideration.

Yours faithfully,
REEDERIE F. LAEISZ

Referred to the Chief Ship Surveyors
