Dear Sir,

S.S. "PAMIR" and "PASSAT" - Propellers

Reverting to our letter of the 26th ultimo Messrs. Ostermann are pressing us for your comments on the new design.

Since writing to you I have been informed that Messrs. Ostermann made a serious miscalculation when designing the previous propellers.

Further I understand that the Owners are now making very heavy claims for this fault in design. The figure of DM 100,000 has been stated, but I am not in a position to verify this statement.

Yours faithfully,

The Secretary
L o n d o n
