E Surveyors,

RESS Hamburg.

ence, if any: \_\_\_\_\_

7.10.52 Received 21.10.52 Answered \_\_\_\_\_

Ps Name: Sailing Ships "PAMIR" and "PASSAT" Propellers.

With reference to your letter of the 19th ultimo, reference Eng, concerning the copy of letter addressed to the Seldorf Surveyors we have to advise you that both vessels are proceeding to a German port.

The voyages have not been a financial success it is understood that Herr Schliewen, the present Owner, may sell the two vessels to the Federal German Government. Their use will then be confined to the training of cadets.

This matter, it is understood, has not yet been made public.

Should the vessels be taken over by the Government it is thought that the Society's services may be dispensed with. It should be remembered that the vessels are dual class with Germanischer Lloyd.
