Annie - No 4317
Lloyd's Surveyors Office.

Hull 3rd October 1874

Sir

I am in receipt of your favors of the 2nd inst and with reference to the copies of rules beg to call your attention to my letter of the 7th ult. requesting that twelve copies of each set of rules be forwarded with the Register Books, viz twelve copies Iron & twelve copies Wood & Composite

Respecting the Steel Screw Steamer "Annie" Report No 4317 I regret having made the error in recommending the figures! but on visiting the vessel I observed that the number of anchors & lengths & size of the cables was sufficient, not noting the weight of the Bower anchors

I am,

Yours Obedt Servant
