20th August 1877.

Dear Sir,

With reference to the description in this Society's Register of the steamer "Anne", which vessel has become the property of the Imperial Ottoman Government, I am much to regret that the Committee have recently had before them a report from the Society's surveyor on this point from which it appears that the vessel in question was found upon examination to be in a defective condition and was not repaired as recommended by the surveyor, and under these circumstances the Committee regret they have no other alternative than to strike the name of the vessel with a black line, thus indicating that at that date the vessel was in a defective condition and is liable to a character in the Society's Register Book.

The Society's Register Book.

Yours faithfully,  
J. W. P. P. P.
