Robt J Mudge Esq^r
Secy to Lloyd's Committee
Liverpool

(Reports No. 18415 & 18416.)

In reply to your application
for test certificates for the Anchors
supplied to the Ships "Janet" & "Ramsey"
I have to say that these certificates were
originally sent to me at Ramsey and
were sent thence to Liverpool

I am satisfied that
they were certainly delivered to your
office here and if you have not them
now they must have been mislaid there.

Under these circumstances
I presume the report of the Ships will not
be delayed - on this account.

(Signed) Thos. B. Gibson
