Dear Sir

Re. S/S "Stettin" Newcastle report No. 71400.

I beg to acknowledge your remarks contained in the blessing letter of the 22<sup>nd</sup> instat drawing my attention to Section 3 par 5. of the Rules for Engines & Boilers with a working pressure less than 60 lbs. for which I am obliged. I may add that in the case in point the Safety Valves lifted between 50 lbs and 55 lbs & did not exceed 55 lbs while blowing.

I am Dear Sir

Yours faithfully

W. L. Hall
