Survey Due Boiler Survey due 5.31.

Action in regard to the above survey has been deferred by the Committee in view of the vessel being laid up at Leith.

In reply to enquiry the Leith Surveyors now state that owing to receiving a very urgent request from their Hamburg Office for a vessel to lift 600 tons of cargo at that port, the Owners rushed this vessel out on little more than 24 hours notice. This did not give them time to carry out the Boiler Survey, but arrangements have now been made to drydock the vessel and hold the inspection on her return to Leith early next week.
