

20th November 90.

Messrs. J. Robt & Co. London.

Gentlemen,

We beg to acquaint you that in order to complete the special survey on the Composite Bk. Leander the whole of the inside of the vessel has to be examined including the frames forward which have only now been partially examined at this port, and where cement was taken up in the main hatchway and now replaced, to be again taken up and floors &c. examined here and elsewhere.

We are,

Gentlemen

Your obedient Servants
pro Surveyors

Robt Douglas.
