

24th. June, 1891.

Dear Sirs,

With reference to the classification in this Society's Register Book of your Ship "LEANDER", and to the part "Special Survey held at Glasgow in November last, I have to acquaint you that the following requires to be done to complete the same:-
The whole of the inside of the vessel to be examined, including the frames forward, which were only partially examined at this part, and where cement was taken out under the main hatchway and re-placed, to be again taken up and floors, &c., examined here and elsewhere, in accordance with the contents of the letter addressed to you on the 22nd. November last.

Kindly state when and where you propose to carry out the above, in order that the Society's Surveyors may be advised in the matter.

I am, Dear Sirs,
