

14th August, 1869.

The Surveyors,
GLASGOW

Gentlemen,

I am directed to send you for your information the accompanying letter dated the 12th instant received from Messrs.Scott & Linton, relative to the position of the Bilge plate in a composite vessel designated No.5, building by them, - and to draw your attention to the remarks endorsed thereon by the Principal Surveyors, in which the Committee concur, the substance of which I request you will communicate to the Builders.

You will return said letter to me when done with.

The tracing of midship section submitted in this instance is also enclosed.
