

COPY.

ENCLS.

19th March, 1915.

Dear Mr. Archer,

In reply to your letter regarding the Comp. Sailing Vessel "FERREIRA" ex "CUTTY SARK", I enclose the original freeboard papers dated 1893 when the assignment was made under the Tables then in use by our Society before the adoption of the Load Line Committee's Tables. The length and the sheer measurements do not correspond with those required by the present Tables. We have no copies of these old forms left, so I have thought it best to send you on the original papers, which kindly return when done with.

Yours faithfully,

Geo. R. Mares
