with the report.

It is observed that you state the net tonnage
of this vessel to be 681 tons whereas in the Register
book it stands 644 tons. I request you will
inform me which is correct.

Gentleman,

18th October, 1881.

With reference to the
survey recently held on your
company's steamer "Vaderland," I
am directed to acquaint you that
in view of the condition of this
vessel's main shaft and Boilers
it will be necessary for the same
to be again submitted for examination
the former within three months,
and the latter within twelve months,
from the date of the last survey
— say before the end of December 1881,
and September 1882 respectively.

I am, Gentleman,

Your obedient servant,

A. J. W. Church
for B. Weymouth

Manager
