

Nederland

Seeing that the previous working pressure, recorded  
in the Register Book was only 75 lbs. & the boiler, are  
19 years old. It is submitted that Mr Deublon  
be requested to state on what grounds he has  
increased the pressure to 80 lbs. and also to state  
why he recommends the record of B.S. 6-92 when  
the date of his last visit is marked 25<sup>th</sup> Nov<sup>r</sup>  
92 - also what arrangements if any, have been  
made for holding the special survey No. 2 now  
due
